### SUMMARY

I'm a BCA student and aspiring Full Stack Web Developer, passionate about mastering end-to-end technologies. Through personal projects, I tackle challenges, refine my skills, and thrive in the creative world of web development.

### TECHNICAL SKILLS

Spring Boot, React, Python, Java, REST APIs SQL, AWS etc.

### SOFT SKILLS

Teamwork, Communication

### TOOLS & TECHNOLOGIES

Teamwork, Communication Git, Docker, Tailwind CSS etc.

### PROJECTS

#### Secure File Sharing App

A secure and role-based file-sharing application built with Spring Boot, allowing users to upload, share, and access files with controlled permissions. Files are stored temporarily and automatically deleted after 24 hours.

- Technologies Used: Spring Boot, Spring Security, OpenAPI documentation, MySQL
- [GitHub: https://github.com/Soumojit-Makar/File-Sharing-Application](https://github.com/Soumojit-Makar/File-Sharing-Application)

#### Chat Room Application

A simple chat room application built with Spring Boot and React.js, allowing users to join rooms and communicate in real time with a password-protected entry.

- Technologies Used: Spring Boot, React.js, WebSockets, MongoDB
- [GitHub: https://github.com/Soumojit-Makar/Chat-Room](https://github.com/Soumojit-Makar/Chat-Room)

#### Contact Manager

A secure and intuitive web application for managing and organizing contacts efficiently.

- Technologies Used: Spring Boot, Spring Security, OAuth2, MySQL, Cloudinary, Thymeleaf
- [GitHub: https://github.com/Soumojit-Makar/File-Sharing-Application](https://github.com/Soumojit-Makar/File-Sharing-Application)
- [Live Demo: www.soumojitmakar.site](http://www.soumojitmakar.site)

### EDUCATION

#### Bachelor of Computer Applications (BCA) 2022 - 2025

Burdwan University,  
Bardhaman, West Bengal 713104, India

### ADDITIONAL INFORMATION

- Languages:** English, Hindi, Bengali
- Certifications:** Java Full Stack Certifications , Diploma in Computer Application
